У вкладці «Content» обрати необхідну категорію для пошуку:
журнали, книги, бази даних тощо.

The screenshot shows the Research4Life website interface. The browser address bar displays `login.research4life.org/tacsgr1portal_research4life_org/`. The website header includes the Research4Life logo, navigation links for 'Content', 'Collections', and 'Help', and language options for 'EN'. A red arrow points to the 'Content' dropdown menu, which is open and lists the following categories: Journals, Books, Reference Sources, Databases, Free Collections, Publishers, Recent Resources, and Subjects. Below the navigation is a large banner with the text 'Welcome to Research4Life' and a search bar. The search bar contains the text 'Search across all Research4Life...' and 'Search function provided by Summon'. To the right of the search bar is an 'ADVANCED SEARCH' link. Below the banner, there is a 'Welcome to Research4Life' section with a brief description of the service and a 'Share' button with a large red number '4'. The footer contains the Research4Life logo and a link to 'Resources for World Day of Social Justice, 20 February'.

Welcome to ARDI

The Access to Research for Development and Innovation (ARDI) program, coordinated by WIPO together with its partners in the publishing industry, aims to increase the availability of scientific and technical information in developing countries. By improving access to scholarly literature from diverse fields of science and technology, ARDI seeks to:

- reinforce the capacity of developing countries to participate in the global knowledge economy; and
- support researchers in developing countries in creating and developing new solutions to technical challenges faced on a local and global level.

Collections

Research4Life content is grouped into the following collections:

- Hinari** is one of the world's largest collections of **biomedical and health** literature.
- AGORA** is an outstanding digital library collection in the fields of **food and agriculture**.
- ARDI** gives access to **scientific and technical** information.
- GOALI** focuses on **law and social sciences**, including politics, economics, philosophy, history and more.
- OARE** collects information resources on **environment**, including ecology, geography, energy and more.
